

objective

I am a graphic designer seeking a position with a company or firm that utilizes my talents. I have a vision that is focused on the overall product. I would like to work in a communicative and supportive environment.

relative work experience

2002 to present

GENEVA DESIGNS / freelance designer
www.genevadesigns.net

My freelance operating name has been associated with work of pride, integrity, and genuine design. I have learned much with my interactions with clients about graphic design, clients, and it's business. Job details include conceptual designing, web site coding, FTP and back end coding, print design, and package design to name a couple.

2005 - present

LOCAL ARTIST / photographer

I have displayed photography in art shows and galleries in Mobile, AL and have sold pieces. I am proud of my presence in our growing art community. You can see some examples of my artwork at my web site: www.genevadesigns.net

2007

ICON PARETO / intern

I interned with a local whole company called ICON Pareto. I was hired as a web, flash, and coding designer. Job details include web coding, banner, interface, and flash design. www.iconpareto.com

2009 - present

ELEVATOR WORLD / web, graphic designer

Just after 2 months of graduating college I received an invitation for an interview at this local trade magazine company.

BRETT MOURON
